

## Installation:

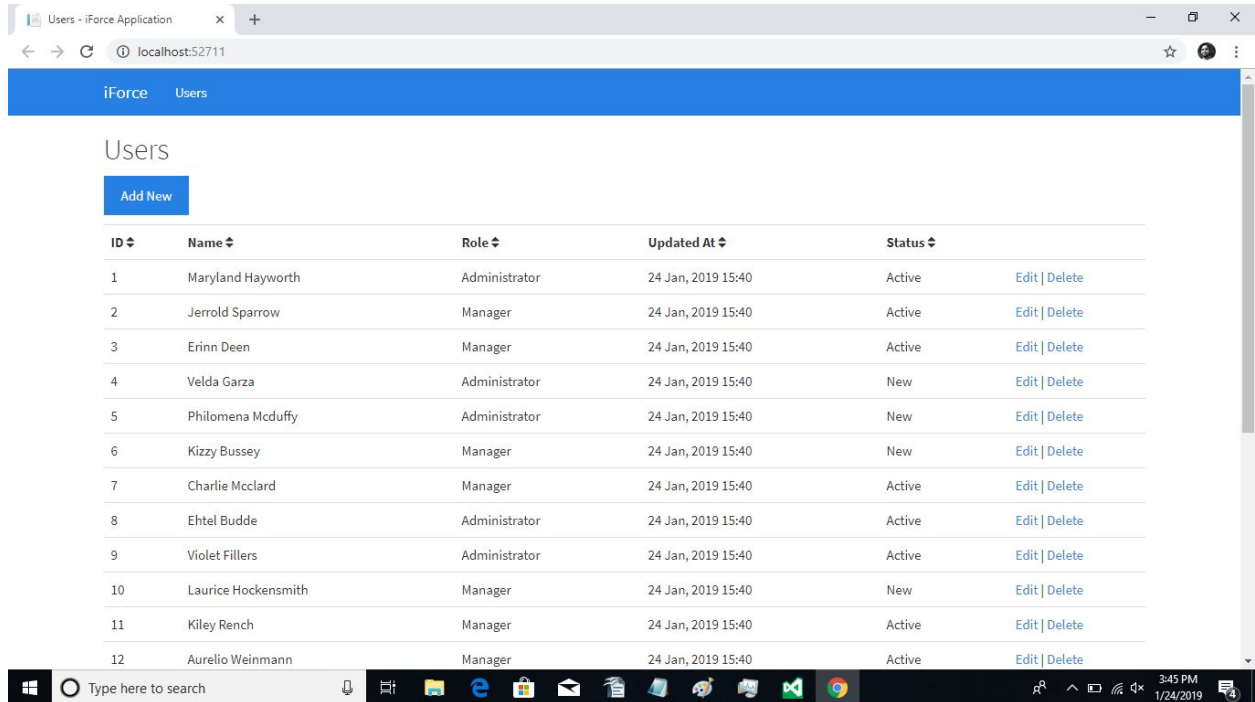

Install the application using update-database command on iForce.Data library project.

## Listing of Users with pagination:

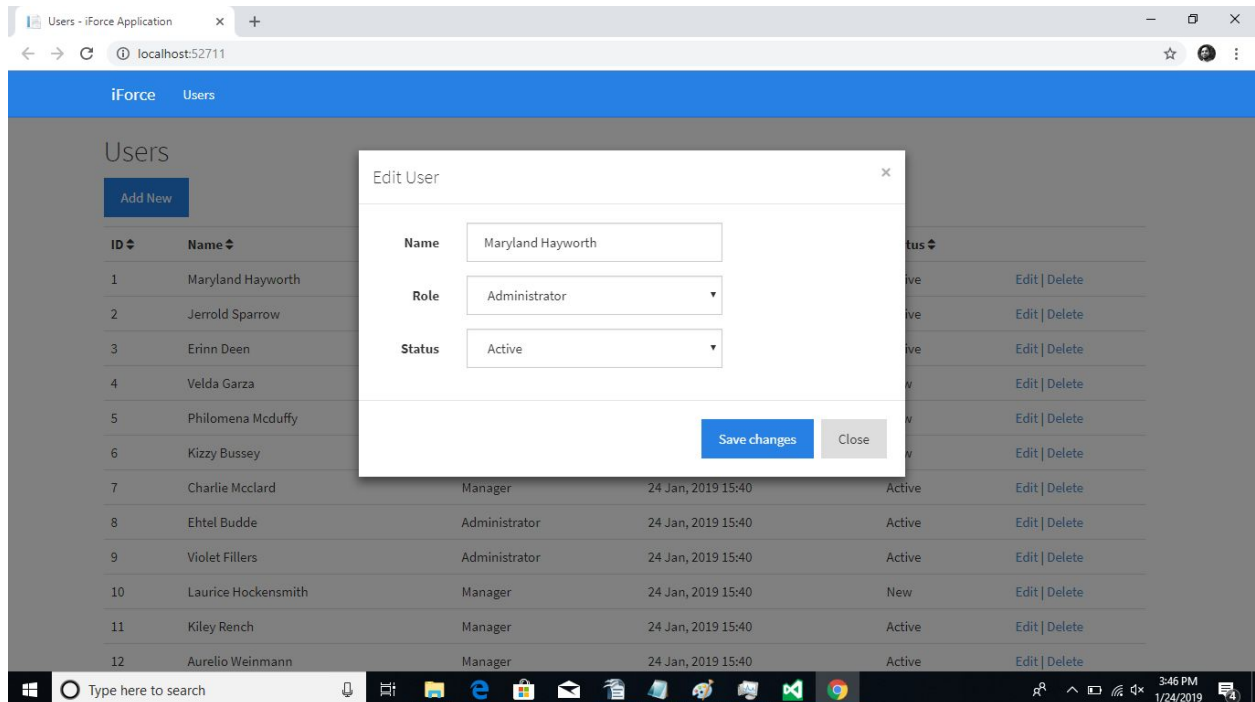

## User sorting:

The screenshot shows the 'iForce Users' application interface. At the top, there's a blue header with 'iForce' and 'Users'. Below it, a 'Users' section contains an 'Add New' button and a table of users. The table has columns for ID, Name, Role, Updated At, and Status. Each column header has a small up/down arrow indicating sorting functionality. The table lists 12 users with their respective roles and status.

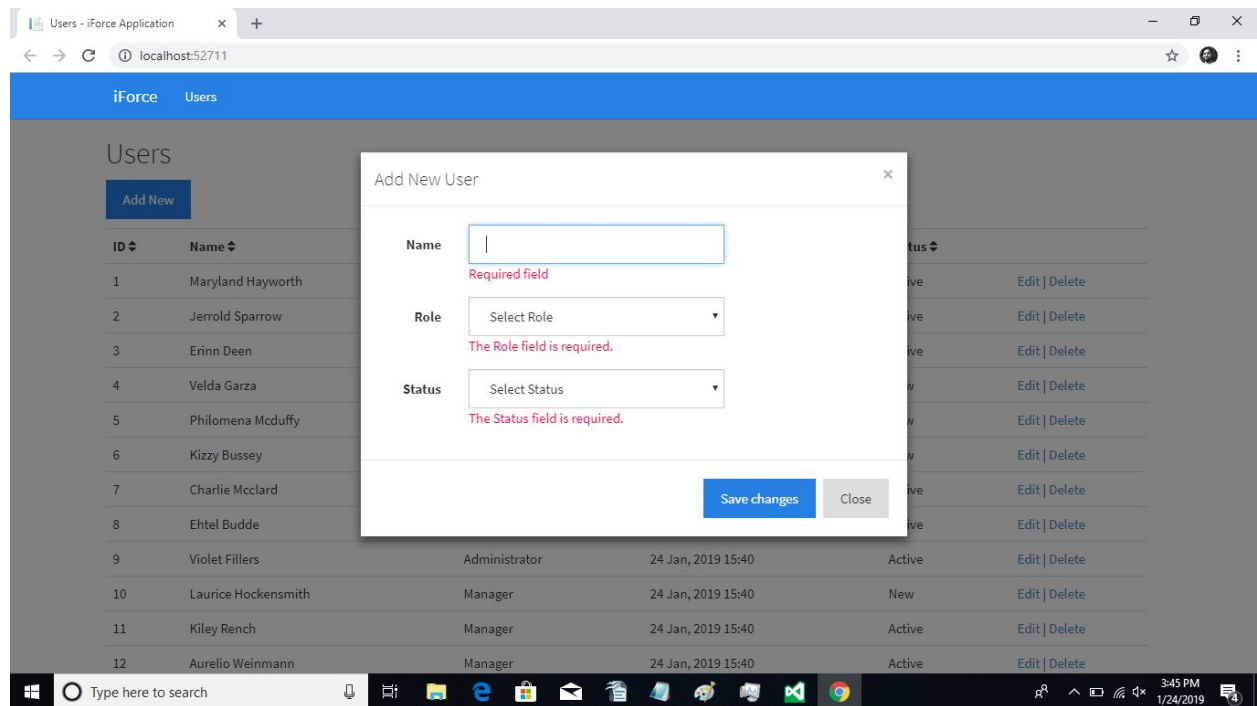

ID	Name	Role	Updated At	Status
1	Maryland Hayworth	Administrator	24 Jan, 2019 15:40	Active

## User Edit Modal:

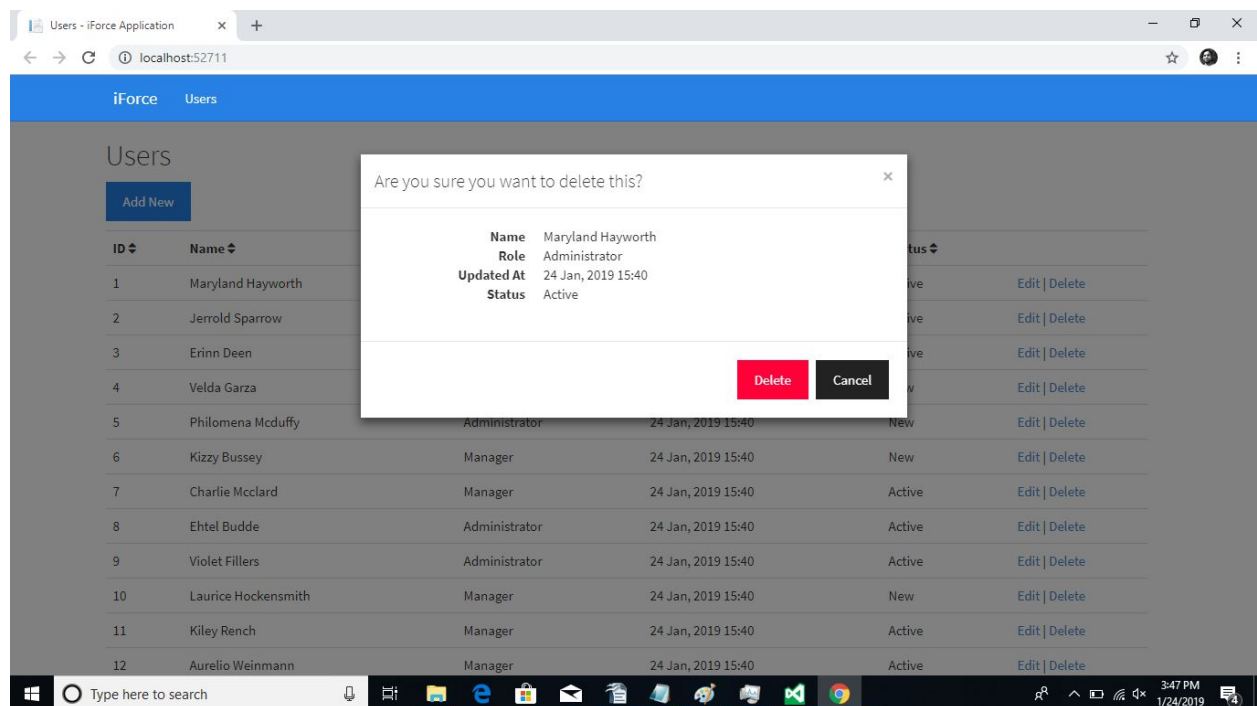

The screenshot shows the same 'iForce Users' application interface, but with the 'Edit User' modal open. The modal is a white box with a close button (X) in the top right corner. It contains three fields: 'Name' (text input with 'Maryland Hayworth'), 'Role' (dropdown menu with 'Administrator' selected), and 'Status' (dropdown menu with 'Active' selected). At the bottom of the modal, there are two buttons: 'Save changes' (blue) and 'Close' (grey). The background shows the user list table with the first user, Maryland Hayworth, highlighted.

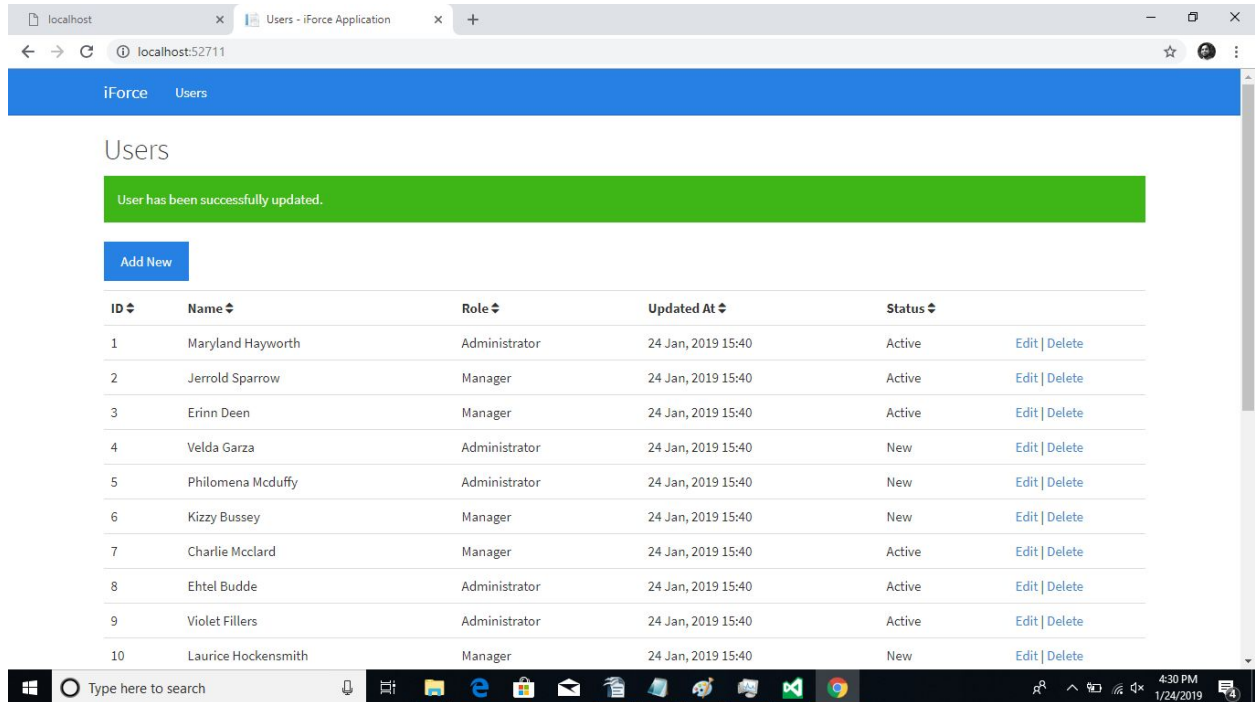

## User Add Modal:

## User Delete Modal:

## User Notification at the top of the page:

The screenshot shows a web browser window with two tabs: 'localhost' and 'Users - iForce Application'. The address bar shows 'localhost:52711'. The application has a blue header with 'iForce' and 'Users' links. Below the header, the page title is 'Users'. A green notification bar at the top of the content area states 'User has been successfully updated.' Below this is a blue 'Add New' button. A table lists 10 users with columns for ID, Name, Role, Updated At, and Status. Each row has 'Edit' and 'Delete' links. The Windows taskbar at the bottom shows the search bar, taskbar icons, and system tray with the time 4:30 PM on 1/24/2019.
